## Fall 2022

### HOELSCHER'S HAPPENINGS

Our theme for this year is "Be Amazed". Students will have the opportunity to be amazed at our God and all that He does for us, in classroom devotions, Bible verse memorization, and chapels. Through God's creation, we can see how indescribable, uncontainable, all powerful, untamable, incomparable, unchangeable, and amazing He is. As we become more and more amazed at who God is and what He does for us, it is my deep hope that we form habits that draw us closer to Him, focus on His voice, and follow His will for our lives.

*Tyler Hoelscher ~ Administrator*

#### Trivia Question:

How many eighth grade graduates were there in 1948?

Find answer by scanning the code below.

## NEW STAFF MEMBER WELCOME AMY STEPHENSON

We are excited to introduce Amy as one of our new staff members!

Amy has a Bachelor of Arts Degree in English Education from Iowa State University. In addition to teaching 5/6 literacy and history, as well as 7/8 writing and electives, Amy is a supervising teacher in the Iowa Falls School Home School Assistance Program. She also teaches ed classes for that program on Tuesdays.

Amy and her husband James live in Iowa Falls where they homeschooled their three children. Their older two,

Joel and Emma, have both graduated from UNI, and both got married this summer.

Their youngest, Carrie, graduated high school in May and is attending college pursuing a Radiology Tech program.

Amy enjoys all things outdoors, especially biking, kayaking, and hiking.

*Assisting Christian Parents in Training God's children through a Christ-centered education for Service in God's world.  
—Mission Statement*

## 75<sup>TH</sup> YEAR CELEBRATION OF TIMOTHY CHRISTIAN

*Approximately 300 people gathered to remember God's faithfulness since the start of Timothy Christian and pray that He will continue to work in and through our school in the years to come.*

## CLASSROOM ACADEMICS

Mrs. Worries taught the kindergarteners about Vincent Van Gogh and the sunflowers that he painted. They followed his lead and created their own beauty.

K-2 students learned about fire safety from the Wellsburg Fire Department.

K is learning the actions for the memory verse from 3rd & 4th graders.

Dennise Smith, TC's former 5th and 6th-grade teacher and leader of the Iowa River Greenbelt Day camp near Steamboat Rock, came to visit the 1st and 2nd graders.

The students were VERY excited about Dennise's visit! After her visit, the students decided to shine their lights for Jesus to Mrs. Smith by making thank you cards for her.

3rd & 4th grade celebrated Teddy Bear Day.

3rd & 4th grade wrote 7<sup>th</sup> sentences by trying to write sentences that have 7 words or up. The soda was a good object reminder.

4th graders' factor posters for numbers 1-36 helped them learn about prime and composite numbers.

5th & 6th-graders science students are experimenting with M&Ms to learn about scientific method in a fun and tasty way. Does one color melt faster than another? How long does it take? What experiment can they think of to do with M&Ms? Does each

color of M&M taste good? They better try each color to find out!

Junior high students took crayon rocks through the rock cycle.

## ACTIVITIES

The TC Tigers took home the championship trophy with a shoot out victory to win the final game!

"See You at the Pole", at TCS... This global day of student prayer began in 1990 as a grassroots movement with 10 students praying at their school. Over 20 years later, millions pray internationally on their campuses (typically) on the fourth Wednesday in September. How exciting to see God at work!

Kindergarten, First and Second Grades visited Wells Hotel in Wellsburg. They learned about people who immigrated from Germany to Wellsburg over 100 years ago and what their long journey might have been like. They saw artifacts from their lives and imagined what it would have been like to live back then.

Kindergarten artists drew lines to create shapes that developed into self portraits. What special depictions of TC's youngest Image Reflectors!

3rd & 4th grade artists had a "hoot" creating continuous line owls, connecting the dots between art class and the general classroom. Their owls serve as a reminder of their teacher Mrs. Donald's Deep Hope and Storyline for them, that they "Grow in Wisdom from God".

All K-8 artists considered what amazes them and drew those things inside the iris of an eye. The eyes will be part of a collaborative art project related to this year's school theme, "Be Amazed".
